## NÅGRA ORD TILL LÄSAREN

Den här textboken utspelar sig mestadels under vikingatiden. Handlingen och karaktärerna är påhittade men resten är sant. Berättelsen äger rum i Yorkshire i norra England år 886. Det fanns faktiskt många vikingar här på den tiden. De flesta levde fredligt som hantverkare och handelsmän medan andra var mer våldsamma. Den del av England som styrdes av vikingarna kallades Danelagen och Jorvik var deras huvudstad. Nuförtiden heter staden York.

I den här boken kommer du lära känna Eric, Freya och deras morfar. De bor allihop i York men på något vis hamnar de i Jorvik. Där kommer du också träffa Frida, runristaren Viggo och en viking som heter Hjalmar. Tiden stannar när de hamnar i vikingatiden så du behöver inte oroa dig för Eric och Freyas föräldrar. De märker inte alls att deras barn är på äventyr i flera dagar. Som du redan förstår så kommer det finnas en del magi i boken för att göra den mer spännande. Det är upp till dig om du vill tro på det eller inte...

## 4 Buddy Digs a Hole

Freya thinks about her grandfather. Why does he want to learn Old Norse? She tries to call him but he doesn't answer. She goes out in the garden with Buddy. He is happy and runs around. The phone rings and Freya hurries inside. Hopefully it is grandad, but it is not. It is her best friend Olivia who wants to talk. When Freya comes out again, she sees a big hole.

**Freya:** Buddy! What have you done?

Buddy wags his tail and digs some more.

**Freya:** Stop, Buddy! Stop!

Eric comes out and laughs.

**Eric:** Wow! Now we have a pool. Good boy, Buddy!

Buddy jumps down into the hole and comes up with something in his mouth. Eric takes it and looks at Freya. What is it?

1. Who is your best friend?
2. What is a good friend like?
3. What do you usually do with your friends?

## 4 Buddy Digs a Hole

Freya thinks a lot about her grandfather. Why does he want to learn Old Norse? She tries to call him again but he doesn't answer. She goes out in the garden with Buddy. He is happy and runs around with his nose on the ground. He probably smells a rabbit or a squirrel. Then the phone rings and Freya hurries inside. Hopefully it is granddad. Instead, it is her best friend Olivia who is in Whitby over the summer. She misses Olivia and they have a lot to talk about. When Freya comes out again, she sees a big hole.

**Freya:** Buddy! What have you done?

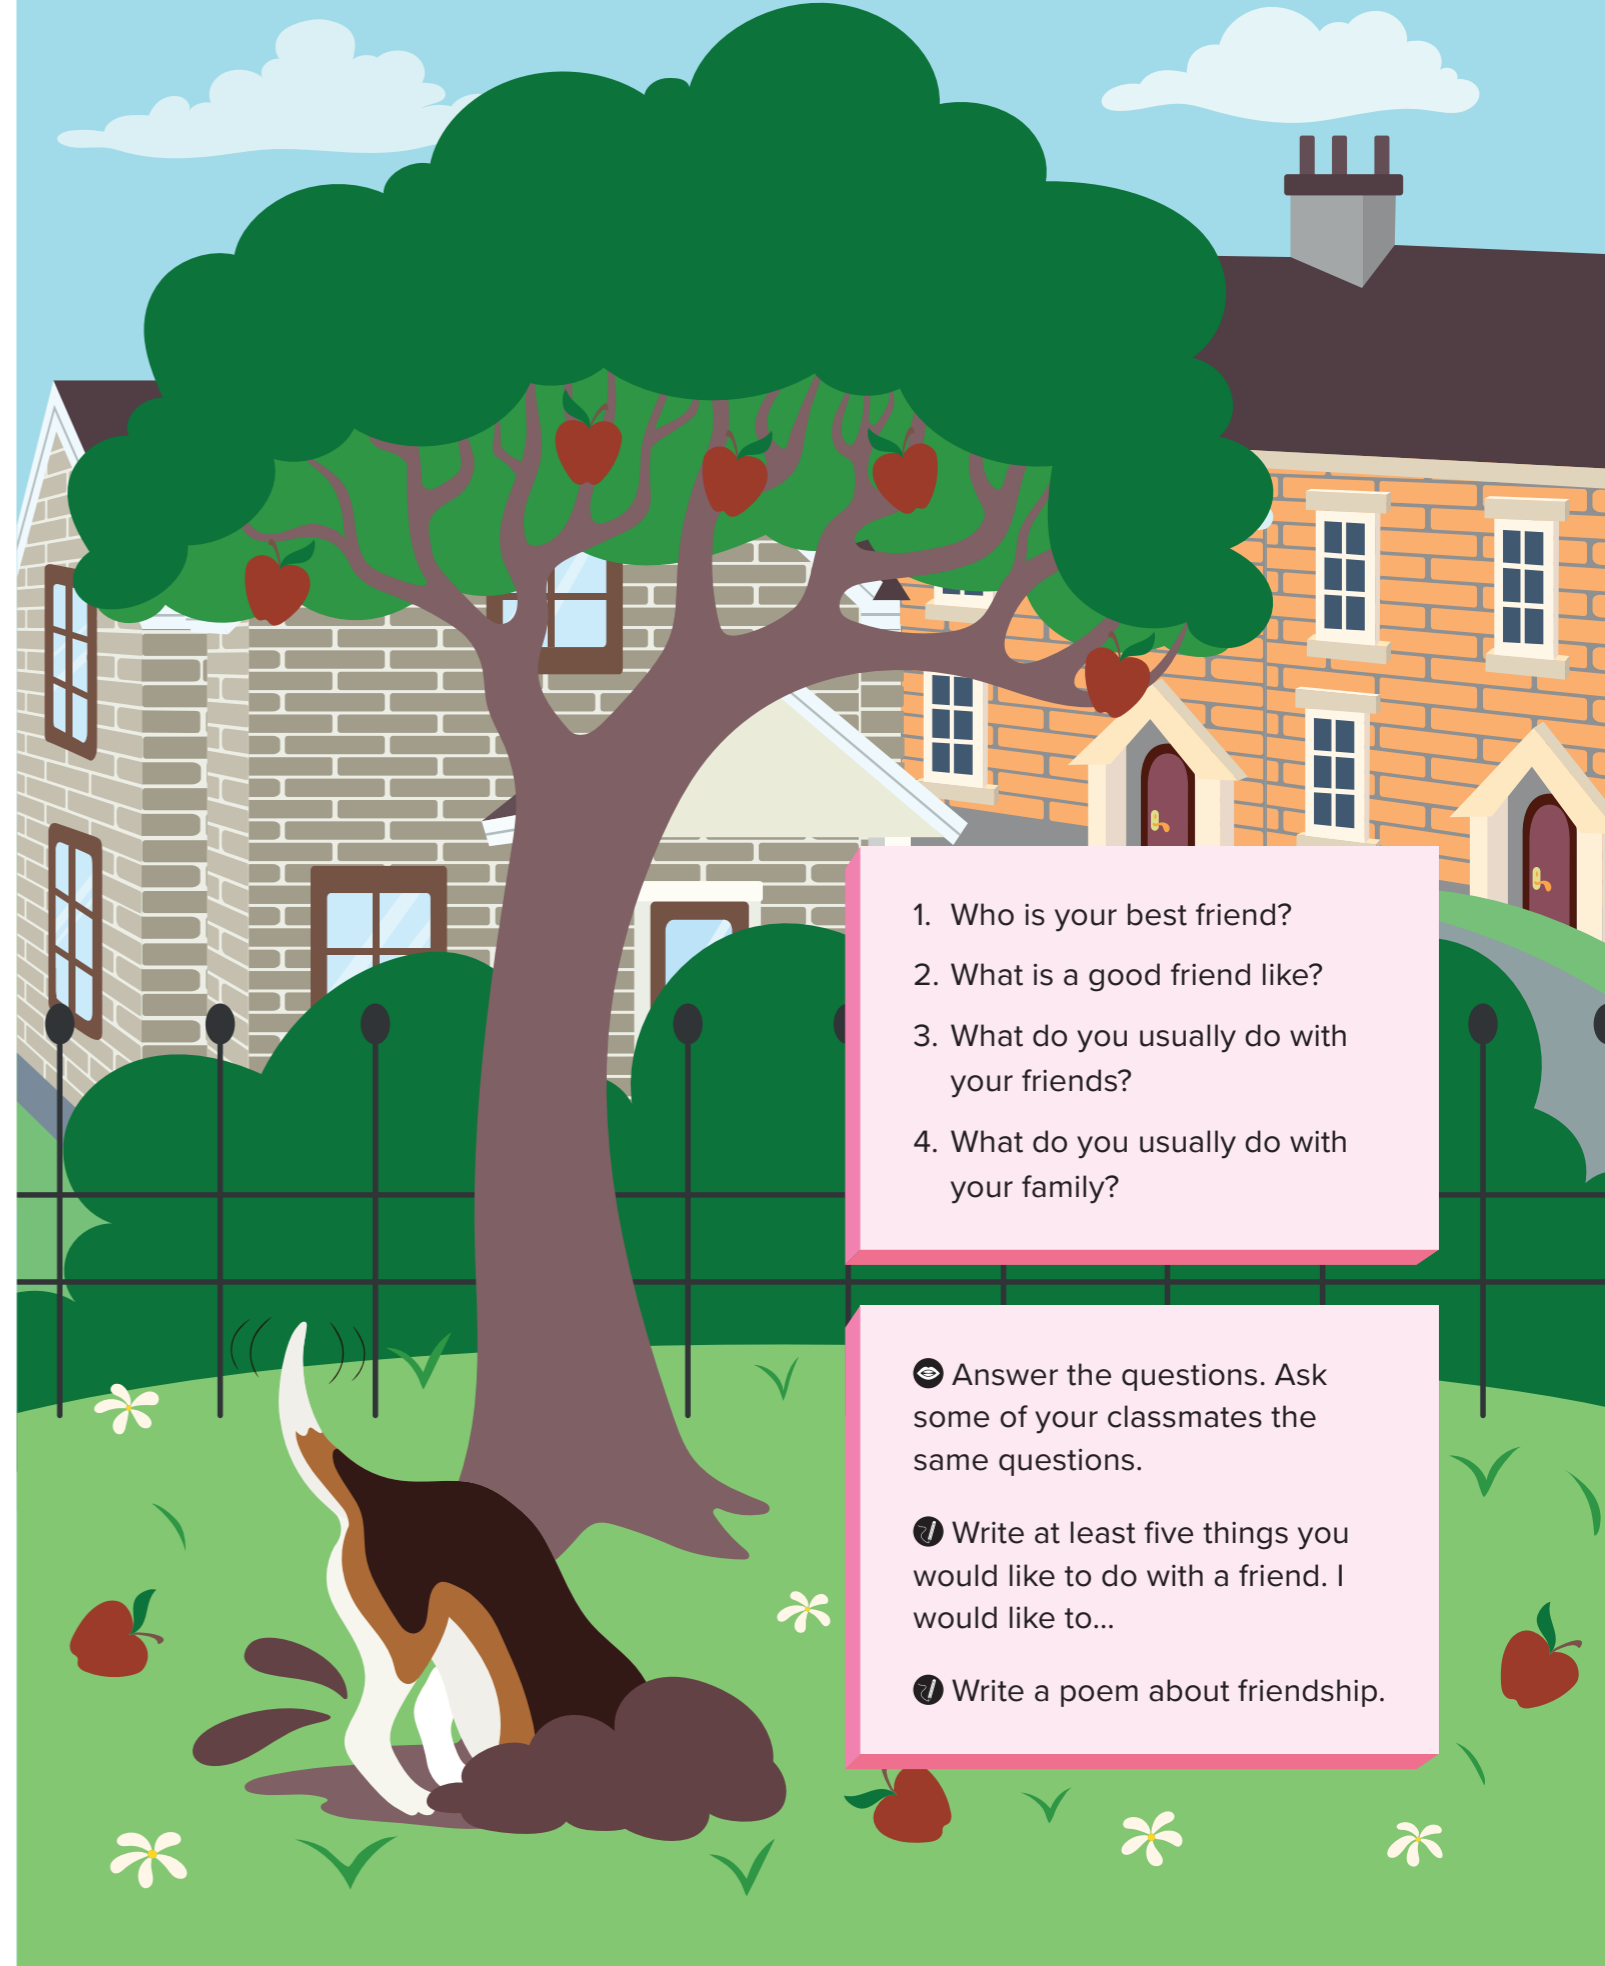

Buddy wags his tail and digs some more. There is a big pile of grass and mud next to the hole.

**Freya:** Stop, Buddy! Stop!

Eric comes out when he hears Freya's angry voice. He looks at the huge hole and starts laughing.

**Eric:** Wow! Now we finally have a pool. Good boy, Buddy!

Buddy jumps down into the hole and comes back with something in his mouth. Eric bends down and takes it from him. He looks at Freya. What is it?

👁️🗣️ Arrange a Fashion show!  
Write what clothes you want to show and describe them carefully.  
Show the class and take turns reading and showing.

If you would describe Freya, it would for example sound like this:

Here comes Freya in her bright pink t-shirt. It looks really nice on her. She is also wearing a beautiful purple hoodie. The hoodie is really cosy and warm. Look at her jeans! Aren't they nice? They are blue and look very good. Finally, Freya has a pair of comfortable white trainers.

## 15 Dinner Time

The evening has come and the workshops have closed. People are sitting outside their houses playing board games and preparing food. Eric and Freya are not used to seeing and smelling so much raw fish and meat. Buddy likes it and runs off with a bone in his mouth.

**Freya:** Buddy! Come back!

**Grandfather:** Shh, Freya! People may know Hjalmar and tell him where we are.

**Freya:** But what if Buddy gets lost?

**Grandfather:** I'm sure he will find us. He is hungry and so am I. Let's get something to eat.

They walk along the river. Grandfather points and talks in a low voice.

**Grandfather:** Here are some longships from Denmark and that cargo ship is called a knarr. The small boats belong to fishermen and farmers. Let's see if we can buy some oysters from this man. Oysters are cheap food at this time.

Grandfather gives the man a small amber and gets oysters in return. Eric and Freya refuse to eat them. A woman gives them a basket full of walnuts, plums and apples when grandfather pays with a silver coin. They sit down on the wharf and eat. Freya drops some walnuts when Buddy jumps up in her arms. Instead of landing in the water, it sounds like they land on wood. When they look down between the planks they are sitting on, they see a very old boat full of leaves, fish bones, shells and... a chest.

1. What is your favourite food?
2. What did you eat yesterday?
3. What will you eat today?
4. What food don't you like and why?
5. How do people pay for their food nowadays?

## 15 Dinner Time

The evening has come and the workshops have closed. Some men are mending fish nets while others are playing board games. Women are sitting outside their houses preparing food. They are cutting meat and vegetables, cleaning fish and opening oyster shells. Eric and Freya frown. They are not used to seeing and smelling so much raw fish and meat. Buddy likes the smell though and tries to steal some raw pieces of meat. The woman chases him away but another woman gives him a bone. Buddy wags his tail and runs off with the bone in his mouth.

**Freya:** Buddy! Come back!

**Grandfather:** Shh, Freya! We don't want to get attention from the others. They may know Hjalmar and tell him where we are.

**Freya:** But what if Buddy gets lost?

**Grandfather:** I'm sure he will find us. He is hungry and so am I. Let's get something to eat.

They walk along the harbour on the River Ouse. Grandfather points and talks in a low voice.

**Grandfather:** Here are some longships from Denmark and that cargo ship is called a knarr. You see more knarrs on the other side of the river. The small boats belong to fishermen, farmers and traders. Let's see if we can buy some oysters from this man. Oysters are common and cheap food at this time.

Grandfather gives the man a small amber and in return he gets plenty of oysters. Eric and Freya refuse to eat the slimy shellfish. Grandfather laughs and sits down on the wharf. He opens the oysters with a knife from his pouch and starts eating. A woman passes by with a basket full of walnuts, plums and apples. Grandfather hands over a silver coin and gets the whole basket in return. Freya takes a handful of walnuts but drops them when Buddy jumps up in her arms. Some of the nuts disappear between the wooden planks they are sitting on. Instead of landing in the water, it sounds like they land on wood. When they look down, they see a very old boat full of leaves, fish bones, shells and... a chest.
